

Dear prospective member,

Thank you for contacting University Rifle Club. Membership is very easy. You must attend a range familiarization, which takes about one hour, and demonstrate your ability to safely handle the firearm of your choice and fire several rounds.

Fees at the current time is 40\$ for a senior member. That member can come to the range and shoot any time during posted shooting hours. 3\$ fee applies to each child under the age of 21 and 3\$ for an associate member such as a spouse. The senior member must accompany those members.

There is a one time application fee of 125\$ for the entire family. If the associate wishes to become a senior or the children become 21, they would not have to pay an application fee.

We ask that all members be as active as they can with work parties or individual chores and come to as many meetings as they can. We want people to be active participants in the club, not just shooters, but we realize that everyone's life has different constraints on their time.

We also strongly encourage membership in a gun rights organization of your choice but do not require it.

Each member's application will be read at two consecutive meetings and be voted on. After that you will receive your permanent membership card in the mail.

If you have any further questions or wish to set up a meeting you can call me at home,
610-370-4096
